

PICKLEBALL TUTOR SPIN & PICKLEBALL TUTOR PLUS

Shoot any type of shot including:

• Serves • Groundstrokes • Dinks • Lobs • Drives

- **Ball Speed** – Up to 60 MPH (SPIN) / 65 MPH (PLUS)
- **Ball Feed** – From every one second (for quick-reaction volleys) to every 6 seconds.
- **Holds 125 pickleballs** (SPIN) / 110 (PLUS)
- **Throws both indoor and outdoor pickleballs.**
- **Start-up time delay** allows time to get to the other side of the net before balls begin shooting.
- **Rechargeable Battery** – Built-in battery provides up to four hours of playing time per charge.
- **Smart Battery Charger** – Fully charges the battery overnight and shuts off automatically to prevent over-charging.
- **Random Oscillator** – For hitting on the run.
- **Available AC-powered** instead of battery-powered.

Plexipave

Scandinavia

PICKLEBALL TUTOR SPIN

SPECIAL FEATURES

- **Sidespin** – Adjustable from no spin to a left or right sidespin of several feet.
- **Lightweight** – less than 30 lbs
- **Fold-out Towing Handle** – Tows like luggage on built-in caster wheels.

PICKLEBALL TUTOR ULTRA – SPIN & PLUS

The ULTRA models include all the features of the SPIN & PLUS models and:

- **Four PRESET shots:** Straight Dink, Crosscourt Dink, 3rd Shot Drop, and Lob. All PRESET shots are customizable so you can modify the speed, spin, elevation and interval. Your modified settings will be automatically stored.
- **Two pre-programmed DRILLS:** (15 FH – 15 BH) – Shoots 15 medium-paced shots to the forehand side, then 15 to the backhand side, then repeats. SPIN model (10 R – 10 F – 10 L) – Shoots 10 shots with right sidespin, then 10 flat shots with no spin, then 10 shots with left sidespin, then repeats. PLUS model (10 U – 10 F – 10 T) – Shoots 10 shots with underspin, then 10 flat shots with no spin, then 10 shots with topspin, then repeats. All shots in both DRILLS are customizable.
- **ELECTRONIC ELEVATION** with a BAR GRAPH DISPLAY shows the elevation setting on the control panel so you can set it to your favorite spot before firing any balls.
- **RANDOM and 2-LINE oscillator** features are standard.
